

# Student computer system "USOS" & course registration

Registration for the courses at the University of Warsaw (UW) must be done online, through the special university system called **"USOS"**.

In order to register for any course the student needs to have an individual account in the **USOSweb**.

**Please note:** Erasmus & other Exchange students will be provided with their logins and passwords to USOSweb accounts by the central UW IRO.

The individual student accounts in the system include info about selected courses, grades, timetable, etc.
