invites to the

SECOND INTERNATIONAL CONFERENCE

“TAXES IN BUSINESS”

FACILITATIONS AND OBSTACLES TO DOING BUSINESS

The conference will be held online on 20 May 2026 and will be conducted entirely in English.

The aim of the Conference is to identify the advantages and disadvantages of tax systems in the context of running a business. As a result of the speeches and discussions, it is planned to develop guidelines and directions for improving tax law, proposing modern legislative solutions, and facing current challenges in the changing digitalized economy.

The effects of the work will be summarized in the post-conference publication.

Listeners are asked to register at the link below by 13 May 2026.
